***130 Head — 10 Bulls, 34 Cows with Calves at Foot,  
15 Bred Cows and Heifers, 4 Open Heifers,  
and 33 Commercial Females***

**BULL FEATURES** — Leveldale Dynamic, five-year-old son of Leveldale Barbarian, purchased for \$1,475 in the 1955 Mathers Bros. sale in Illinois. Here is a great show and breeding bull; you'll like his calves. **BRAWITH LEADER**, by the Iowa State Fair grand champion, Edwin Royal Leader, and purchased as a 1st prize winner in the Omaha sale for \$1,675. You'll like his many outstanding sons and daughters in this sale. Four more young bulls of breeding age, sons of Prince's Pride, Edellyn Royal Leader 177th, Brawith Leader and Leveldale Dynamic — also four 1958 yearling bulls.

The females will be sold in just strong "off the pasture" breeding condition. A feature will be the 34 registered cows with calves at foot — all of good, strong, breeding ages.

In addition to the 63 Lots of registered Shorthorns selling, there will be 33 Lots of commercial Shorthorn females, all purebred but not recorded. Included are 10 young heifers with calves at foot or close to calving, 13 coming two-year-old heifers, bred, and 10 yearling open heifers.

Robert Crockett is selling his herd for reasons of health. His is one of the long-established herds in Kansas and he always used top bulls as evidenced by the fact that included in the sale are granddaughters of such bulls as Sni-A-Bar Ransom Mercury, Edellyn Royal Favorite, Edellyn Melody Mercury and many by the present herd sires.

Everything sells T.B. and Bangs tested, and official vaccination for Bangs has always been practiced. Kinsley is easily reached, located at a Junction of Highways 183 & 50 S. Kinsley is located 90 miles west of Hutchinson, Kansas, and 40 miles east of Dodge City.

## HELP YOURSELF TO THIS LARGE OFFERING OF REGISTERED AND COMMERCIAL SHORTHORNS

R. J. Crockett has been in the Shorthorn business in Western Kansas for many years and, for reasons of health, finds that he must now disperse his herd.

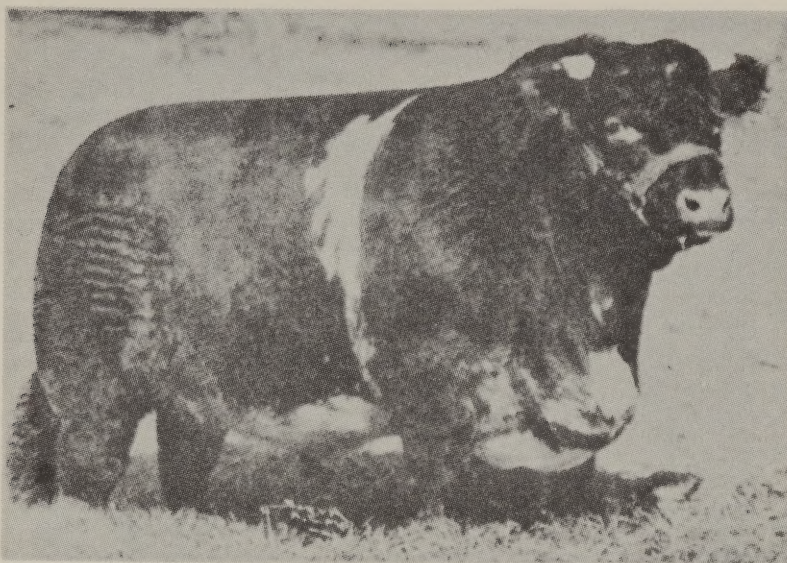

Pete Swaffar and I inspected the Crockett cattle nearly all of which were running on wheat pasture when we saw them on April 1st. The cattle have always been handled in a practical manner and will be brought to the sale in just strong breeding condition, without any special fitting. We were impressed with the two senior herd sires, **Brawith Leader**, a half-brother to the \$10,000 International grand champion bull, Edwin Leader; and **Leveldale Dynamic**, by the \$8,000 Leveldale Barbarian. The Leader bull, now eight years of age, still possesses great substance and massiveness, and I know that Bob Crockett will tell you he is one of the best bulls he has ever used. Leveldale Dynamic was in the 1955 Mathers show herd and was either 1st, 2nd or 3rd in class at Phoenix, Denver, Fort Worth and Houston that spring. He's a modern, well-balanced bull, and his calves are very "showy".

A feature of this sale, of course, will be the 34 registered cows with calves at foot. Most of these calves were on the ground on April 1st and are good-headed, big, husky individuals, and are following dams that are big and roomy, and give plenty of milk.

Most certainly if you can use some good-working Shorthorn cattle, either registered or commercial, you could well afford to be at the Crockett sale on Monday, May 18th.

# ROBERT J. CROCKETT & SONS SHORTHORN SALE

## Standard Guarantee of the American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
